E-class number:	40-02-01-02
Customs no.:	63079098

Data sheet

ARG 110 ERGOTEC TWIN PLUSCLICK

The ARG 110 ERGOTEC TWIN PLUSCLICK is a partially elastic fall-arrest harness with maximum wearing comfort. It combines the flexibility of movement and advantages of an elastic harness with the safety of static harnesses. The straps can no longer sag into the harness or tilt too far back.

The elastic underarm harness protects the worker even at difficult, side-on precipices, without placing too much pressure on the chest.

The aluminium fittings make the harness even lighter.

Practical click fasteners make putting on the harness easy and quick.

FEATURES

Elastic belt strap:	yes
Hand-washing:	40 °C
Click buckles:	yes
Max. service life:	6-8 Years
Max. number of persons:	1
Attachment Points:	dorsal attachment point, sternal attachment point, pole strap attachment point
Temperature:	from -35 °C to +45 °C
Area of application:	Construction / Roofer / Carpenter, Metal Construction, Power Supplies / -Transmission / Telecommunications

DIMENSIONS

Size:	M/L
Waist size:	80-120cm
Weight:	1,37 kg

MATERIAL

Material:	Polyester, Aluminium
Webbing material:	Polyester
Sternal attachment point material:	Polyester
Pole strap attachment point material:	Aluminium
Dorsal attachment point material:	Aluminium
Material Click buckle:	Aluminium
